FROM THE DESK OF RJ...

Top priority in this issue is welcoming our first granddaughter, *Raegen Skye*, to the family! This cutie was born on January, 25th. Be sure you'll be seeing more pictures of her as future "Rev It Up" issues unfold.

BEFORE

Repeat client, Jeff Shook, decided he just had to have the Ram-charger hood option added to his 71 Super Bee!

AFTER

With the Edelbrock intake and Demon carb residing on top of his engine, this was a Challenging task. The results speak for themselves! NICE!!

Kenna's Corner

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆
 ☆ Hi this is McKenna again at Kenna's corner. I want to ☆
 ☆ say something about fracking .people are using up ☆
 ☆ money on gallons of water because they can't drink out ☆
 ☆ of their own faucet! so obviously this is bad. THEN ☆
 ☆ STOP LETTING PEOPLE DO IT! If a child says its bad ☆
 ☆ then its bad. So during my spring break I went on a ☆
 ☆ vacation to florida. well it was snowy and cold here.ha ☆
 ☆ ha! When I was there I went to a lot of beaches and a ☆
 ☆ zoo where you could go zip lining. So I went zip lining. It ☆
 ☆ was so fun and a nice day out. Here is a picture where I ☆
 ☆ was really determined to get ☆
 ☆ across. I can't wait until I go ☆
 ☆ again. Well lets get to the shop. ☆
 ☆ Come by so I can give u a tour. ☆
 ☆ Everyone is working hard. My fa- ☆
 ☆ vorite car is a 1970 pink Cuda with ☆
 ☆ a blue motor. MY FAVORITE ☆
 ☆ COLORS! Like I said I can give ☆
 ☆ tours after school @ 3:15 on week- ☆
 ☆ days! or when school is ☆
 ☆ over. I hope you have a ☆
 ☆ great day. Thank you! ☆

1972 Dodge Challenger Rallye

Long time owner Dave McKenzie has been on the fence about restoring his 1972 Dodge Challenger Rallye. As you'll see from these pictures, he is committed now!! This is a 340, 4 speed car that he wants done back in it's original shade of EV2 Hemi Orange with a black interior. We'll look forward to making this dream a reality for Dave and his family!

1939 Ford Tudor Sedan

Dave Oldfield's "Grandpa's Car" rolls again. We pulled it out of storage this Spring, had it aligned, inspected, road tested and put the finishing touches on it. The car turns heads wherever it goes and it turned out better than any of us could have imagined. Dave is glad to have it back home and looking forward to sharing it with his family. After many years of anticipation, it's now road ready. His plan is to have his grandchildren next in line to have cruising memories of "Grandpa's Car"! We're sure Dave and his family will enjoy their new "old" ride!

Superbirds of a Feather...

Repeat client, Tom Terry, has once again added to his growing car collection and enlisted the RJ CARS Team to bring these 2 Superbirds back to life. The white Superbird is a 440, 4bbl, 727 Auto, floor shift. This car is currently being prepped to be his "driver" while we perform a full on rotisserie restoration of his orange Superbird. The orange car is originally a 440 4bbl with a 4 speed. You have to admire Tom's passion for finding these, and many other, collectible classics and bringing them back to the road. He loves to drive these old muscle cars and has a determination to get them to the street "where they belong"in his grip and under his foot!

1970 Cuda

Terry and JoAnne Magnan are serious about their cars and have many in their stable. This pink 70 Cuda started life as a 318 automatic in blue metallic.

The car now carries a 340 engine with a Six Pack on top and TTI exhaust out the back, a Passon 4 speed w/pistol grip shifter, and a 8-3/4 rear end with 3.91 gears. The inside has custom seat covers, in black with pink piping,

by Legendary Auto Interiors. We're sure this will be a big hit as our Carlisle feature car next month! Thanks Terry and JoAnne for entrusting us with one of your favorites!
