REV IT UP!

FROM THE DESK OF RJ

I will refrain from ranting about the current state of our country and the supply line issues we are all too aware of everywhere we turn! Instead, I will focus on something more productive and meaningful and congratulate a few of my staff for their work here at RJ CARS INC. We have some work anniversaries here that we just got together to celebrate at Scovilles Grill in Dansville, NY.

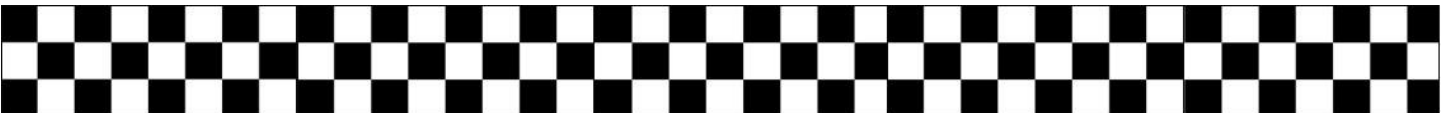

Elise Mc(Kenna) Jacobs has a 5 year anniversary as an Office Assistant. **Jacob Knapp** has a 5 year anniversary as Autobody Restoration Technician, and **Darren Ohara** has a 10 year anniversary as Parts and Service Manager!

Thank you once again to all of my staff for your efforts!

Restoringly,
Russell

FYI--- Darren is working at getting updates done to the RJCARS.COM Photo Gallery for our current and completed projects both. Please check it out as we pull together our current projects in a new and improved format!

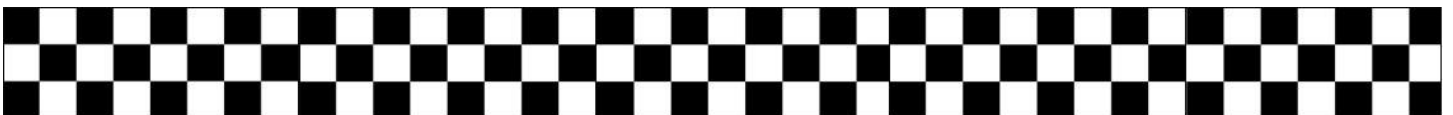

ALSO, If you are considering having us do a restoration for you, we are currently scheduling our start dates 2 years in advance... Plan ahead!

1969 DODGE CHARGER SPRING SPECIAL

Here is a sample of the component work we have been working on for the '69 Charger. This and a whole lot more going on with this project! The grille restoration was quite a process which is always the case for a Charger! The engine and transmission have been rebuilt and are awaiting final paint and detailing. We are currently starting into the metal work and the body resurrection portion for this restoration. It's going to present some significant challenges in some areas and we're sure it will challenge our patience as well.

Charge forward!

1957 PLYMOUTH BELVEDERE CONVERTIBLE

This car has been in the same family since 1966....and it was completely underwater in the Flood of 1972! (We can attest to the flood as there was evidence throughout the car in every nook and cranny!) The pictures here speak loudly for themselves and we will work on an article in the future with a better feature on this project.

1970 Dodge Challenger R/T SE for a full restoration.

1973 Dodge Challenger Rallye, one owner car in for a full driveline restoration with upgrades and partial body and paint repairs.

Kenna's Corner

Hi Everyone...Kenna, here at Kenna's Corner. I am in my second semester at college for Liberal Arts now. I was on the Dean's List my first semester! I'm really enjoying it so far. I upgraded my 07 Jeep Grand Cherokee to a 2011 Jeep Compass and it definitely saves on gas money! I hope everyone had a great winter, but I sure am looking forward to some spring weather!

~ Kenna
