REV IT UP!

FROM THE DESK OF RJ

Hello All,

The shop has been busy wrapping up some long term restorations to go home. We've had many others in process, and started on some new jobs too. Always a challenge managing so many projects and all of the puzzle pieces we handle for each of them!

We recently sent home the 69 Dodge Charger and the 57 Plymouth Belvedere convertible after each was here for 3 years! Both turned out beautiful! The 75 Valiant Brougham also went home and it will be back in the spring for some test driving and final details. Another one that looks great and will be loads of fun on the street!

The 70 Dart Swinger is getting treated to a fair share of metal work and some component work recently. Many people have reached out and commented that they are looking forward to seeing that come together.

This year wasn't an easy one by any means, yet the team weathered through it and we continue to turn out some great work. Thanks to our clients, staff, and family for making it all keep happening!

We hope everyone is blessed with a great holiday season and prosperous new year!

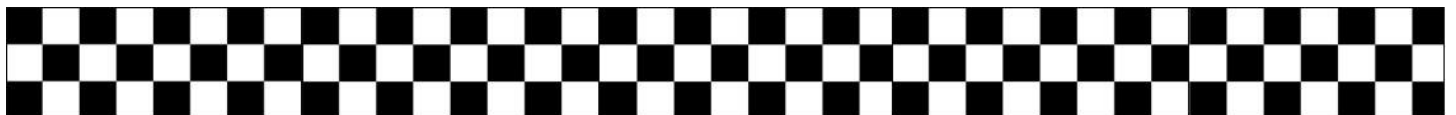

Restoringly, Russell

Kenna's Corner

Hi! Kenna here at Kenna's Corner! I have been busy here at the shop taking over social media and doing the newsletters! I love shooting videos of the cars and taking photos to go in our monthly email newsletter. I graduated with Honors from College with my Associates Degree and I am now taking on Nail Technician school. I have always loved art and have been doing my own nails for a few years now and decided that I wanted to make it into a career! I am so excited to start this journey! Check out my work @kennasclaws on IG and Facebook!
